## About Us

- 
- Established in 1987
- 

- Utilizing local fund-raising revenue, grants & partner relationships, we leverage funds to acquire and/or restore natural wildlife habitat for permanent public access and use.
- 

- Since inception, through direct and cooperative efforts, we have been directly involved with the acquisition or restoration of over 8,000 acres of natural wildlife habitat in the Blue Earth County area. Our total commitment to land acquisition alone eclipses \$1,000,000.
- 

- We are a 100% volunteer 501(c)(3) non-profit conservation organization. With exceedingly low overhead, nearly 100% of revenue raised goes directly into projects.
